Elopement

We offer symbolic ceremonies for those that want to forego all the pressure and drama and simply want to celebrate your love for and commitment to each other on short notice.

And More!

Sound and Chairs

For smaller events we have a PA/microphone system and chairs available for rent.

We can design the perfect printed pieces such as menus, seating charts, programs and more. We can even create and host your custom wedding website!

We are here for all couples and are proudly LGBTQ inclusive.

Your Celebrants

Hersey *Lisa*

A graphic designer by trade, Hersey's road to becoming a celebrant is a long and fun story. In 2005, while talking with our best

friends about their upcoming wedding, they were disappointed with the difficulty in finding a celebrant and did not want a traditional church wedding. On a whim, he volunteered to become an officiant and had the honor of marrying his two best friends on a mountain top overlooking the Blue Ridge Mountains. From there, one wedding, lead to another and soon, He began to officiate many, many weddings for friends and family. He's been the celebrant in dozens of wedding in Italy now and loves every minute.

Lisa, with two decades of experience in event planning, has planned everything from keynotes and conferences to weddings and parties. A passionate and talented writer, she collaborates closely with couples, ensuring their ceremonies mirror their unique character and personalities.

Her commitment to crafting unforgettable moments extends to her occasional role as a celebrant, which she loves being a part of. Her love for meeting and understanding people fuels her passion for creating meaningful connections. With a rich history in curating experiences and a genuine interest in the stories that unfold within them, Lisa continues to bring joy and authenticity to every event she touches.
